CIVIC NURSE NOW AT WORK

Miss Kate Briel, Gettysburg's Civic Nurse, Arrives in Town and Starts to Work at once. Will Serve All.

Miss Kate Briel, Gettysburg's civic nurse, arrived in town on Wednesday and went into service immediately, having her first call very soon after her arrival. She has taken up her residence at the home of Mr. and Mrs. Charles H. Wilson, 54 East Middle street, where she will be at the call of every citizen of town, regardless of condition, creed or color. Her telephone number will be 105 Y.

The nurse committee of the association has not yet decided upon the hours at which Miss Briel will be at the call of the people but until the hours are announced she will be at their service during the entire day. Night calls are to be given only in cases of emergency. Where a physician has been already employed it is expected that requests for the services of the nurse will come through that physician.

Shortly after Miss Briel's arrival in Gettysburg she visited the various doctors in town. They will give their co-operation to make the movement a success and will be expected to call upon her freely for assistance. The employment of a civic nurse for Gettysburg has met with approval and hearty support on all sides and the one fear of the association now is that the people of Gettysburg will not feel as free as they should to call upon her.

On next Tuesday evening the annual meeting of the Civic Nurse Association will be held in the Court House at half past seven o'clock. It will be open to all subscribers and, it is believed, there will be a full attendance to transact the business of the meeting. The following Thursday an entertainment for the benefit of the nurse fund will be given at the same place.

YORK SPRINGS

York Springs, Sept. 26—Dr. and Mrs. E. W. Cashman returned home on Tuesday from a pleasant visit to relatives in Iowa and Wisconsin. Among the former York Springs people they visited in Prescott, Wis., were Dr. George M. Dill and Edgar L. Neely and wife.

D. F. Starry and wife were at Leesburg, Cumberland county, over Sunday.

W. S. Hendricks and Guy Funt were at Harrisburg over Sunday.

Clarence Bream and wife, of Cash-town, visited relatives here a couple of days recently.

O. F. Lerew, wife and grandson, were at Harrisburg several days recently, the guests of Albert Lerew and wife. On Saturday they all went down to Hershey and were taken through the big chocolate factory at that place.

Mrs. J. Harvey Neely was at Harrisburg several days last week where she was the guest of Emory G. Wolfe and wife.

Mrs. G. W. Griest returned home last week from a pleasant visit to her son, H. R. Griest, of New York City.

Miss Zula Myers is a student at the Lancaster Business College.

Richard Sadler, a former resident of Huntingdon, headed Greeley's advice and two years ago went to Calgary, Alberta, Canada, where he has been very successful in the real estate business. This summer in three months time he cleared \$8,000 which is going some. Mr. Sadler is the youngest son of the late Watson Sadler.

AVOID THE TREE DOPER

No person should have his trees treated by any person, or by any material or method that he does not understand, or that is not recommended by a reliable source, says Dr. H. A. Surface. It is easy for a person to get reliable information as to the proper material to use, and the method and dates of applying it, from the Bureau of Zoology, of the State Department of Agriculture, at Harrisburg, or the State Experiment Station, at State College, Pa., Centre Co., or the U. S. Department of Agriculture, Washington, D. C. It is really inconceivable the persons who have written to Dr. Surface, he says, who have their trees damaged by some "short cut" methods to remove pests.

DAMAGE DONE TO FRUIT

Great damage was done in the vicinity of Smithsburg by a heavy wind on Tuesday. All during the day there was a heavy east wind, which knocked many peaches and apples from trees. One peach grower stated that he believed half his crop was ruined during the storm and another fruit grower said that a large part of his apple crop was ruined. A remarkable fact was that the wind storm only appeared in the Smithsburg vicinity. At that place, umbrellas were turned inside out and other damage done.

LITTLE RESPONSE FROM GETTYSBURG

People of the Town Refuse to Say how Many they will Accommodate at Time of Battle Anniversary Celebration.

Gettysburg's citizens are failing utterly to respond to the appeal of the Board of Trade for information regarding the number of visitors they will be able to take care of during the fiftieth battle anniversary celebration next year.

Several weeks ago the organization distributed throughout the town hundreds of cards with blank spaces to be filled showing the number of boarders and lodgers that families would be willing to take during July 1913, the intention being to compile a directory which could be used in placing the enormous crowds. That even this method would not fulfill all requirements was conceded but it was felt at the same time that it would be a great help.

A remarkably small proportion of the people who received the cards have returned them. J. Louis Sowers, representing the Board of Trade, has called at a number of homes but in many instances failed even to gain entrance. Other citizens refused to return the cards, giving excuses of little value for their failure to say either that they would or would not take visitors next year. This means that the real capacity of the town in handling the crowds will not be known and the purpose of the Board of Trade to learn every nook and corner where a bed can be found will be frustrated. The movement is entirely a public spirited one and no one would reap any benefit from it other than the persons who wished to take people for boarding or lodging next year.

That the prices will be raised during the time of the anniversary is a certainty as is shown by the figures named on the cards which have been returned. A general increase in prices has been shown but nothing unreasonable is asked in view of the great demand which will exist and the comparatively small supply which will be here to fill it. Present indications show that the smallest figure at which boarding and lodging can be secured will be \$2.00 a day while it will run much higher in many instances. People who make a business of catering to the tourist trade here will likely charge such figures and possibly a little more while those who are not accustomed to that sort of thing and have to purchase special equipment to handle their visitors will charge more.

There seems to be a general idea that every one will have a chance to entertain visitors at high figures and there is likely plenty of truth in that supposition but those who put themselves on record with the prices they will charge are going to be the ones who will get the first and most desirable class of anniversary visitors.

Business men in town have been getting numerous requests for information regarding places for boarding and lodging during the celebration and personal friends have been asking for some guarantee of a place to stay. Within the past few days a letter was received in Gettysburg from a man who wished to come here in a private car but was informed by the railroads that they would make no attempt to give him a place to put his car while here and as a result he had to abandon this plan. The man in question wished to bring his family here for the week and wanted some information regarding accommodations.

Nearby towns are looking forward to the battle anniversary believing that they will have to help out in taking care of the crowds and in some instances accommodations have already been engaged. Persons having automobiles will use Carlisle, Chambersburg, York and Hanover as the places for spending the night and will come to Gettysburg for the day-time celebrations—providing they cannot get lodging here.

Gettysburg will have its hands more than full and the Board of Trade had hoped that by its card scheme some progress could be made toward preparing for the great influx of visitors. Those who have so far failed to return their cards may do so now and are requested to send them to the secretary of the Board of Trade, Robert C. Miller, at the Star and Sentinel office, so that the exact capacity of the town may be learned.

INSPECT SCHOOLS AND SCHOLARS

Pupils in Public Schools of Gettysburg and Many Districts being Examined by Regularly Appointed Physicians.

The public school children of Gettysburg and Adams County are undergoing medical examination at the hands of a number of physicians acting under instructions from the State Department of Health. This is the second time that such inspection has been made, last year being the first under the new school code when the work was provided for.

Each scholar, in the districts where the inspection is made, is examined with regard to hearing, sight, condition of the nose, throat and teeth. The entire report is then tabulated by the physicians and sent to the State Department of Health where the individual deficiencies are taken note of and the parents notified through the various teachers, as to the best remedies to be used and what steps should be taken to correct the defects.

It will be recalled by many that this same thing was done last year with much success and nearly all the districts where the medical inspection was carried on last year adopted it again for this school term. About half of the school districts in the county avail themselves of the service.

The inspection concerns not only the individual pupils but the buildings and grounds in general with regard to ventilation and general methods of sanitation. The physician then makes his report on the conditions as he finds them. Following the visit of the local physician to the schools a special representative of the State Department of Health, an engineer acquainted with water sheds and other conditions which enter into properly safeguarding the health of the children, visits the premises and makes his report.

On the basis of these latter reports some of the schools in Adams County were very severely criticized last year and, it is said, some school boards were much displeased, blaming physicians for the adverse comment whereas the state examiner gave the report which caused the censure.

In fourth class school districts, under which class all the public school districts in this county are included, the medical inspection is optional and in one at least of the districts where inspection was made last year it was refused this Fall. Those boards not desiring the inspection were required to serve notification to that effect early in the summer and the boards where no such notice was given are now having the inspection made.

The school districts have nothing to do with the expenses incurred, the inspectors being paid by the state for their work.

WILL SHIP 5000 BUSHELS

D. S. Snively, Hagerstown, has contracted with an agent to furnish him with 5000 barrels of apples, which will be shipped to Cuba and British Columbia. The varieties will be mostly Ben Davis and York Imperial. The work of starting the movement of the order has practically commenced. Mr. Snively has contracted for the purchase of many of the leading orchards in the Smithsburg and nearby sections. He says that the apples of the young orchards, particularly in the young orchards, are the prettiest he has ever seen. Mr. Snively has a force of 15 hands at work in his cooper shop making barrels in which to ship apples.

TO GIVE ENTERTAINMENT

The members of the Palm and Clover Leaf societies at the High School will give an entertainment in the assembly room of the building on the evening of Friday, October 4. They will have a regular literary program with music by the High School Orchestra and an added feature will be scenes from "The Courtship of Miles Standish." The proceeds will be used toward the equipment of the manual training department.

PRESIDENT HONOR GUEST IN ALTOONA

Reviews Parade at Loyal War Governors' Celebration.

ADDRESSES LARGE CROWD

The President Answers Toast in Logan House, Where Executives Met to Aid the Union.

Altoona, Pa., Sept. 26.—After two days' continuous rain, the clouds withheld their contents and the first great parade in celebration of the fiftieth anniversary of the Loyal War Governors' Conference in Altoona in 1862 was successfully carried out.

President Taft, accompanied by his military staff, arrived early. After being escorted about the city he was in his place on the reviewing stand when the parade started. On the stand also were descendants of the following Loyal War Governors: Curtin, of Pennsylvania; Pierpont, of West Virginia; and Burton, of Delaware, together with United States Senator Penrose and other distinguished guests.

The parade was composed of the Civil War Veterans, National Guardsmen and school children. The United States was represented by a troop of coast artillery and band, and the Marine band, of Washington. Ten thousand school children took part. President Taft was kind enough to say it was the prettiest and most instructive parade he had ever seen and a lesson in geography and mathematics.

Afterward at luncheon at the Logan house, in the same room where the governors conferred fifty years ago, the president responded to a toast proposed by Dr. Edwin E. Sparks, president of State college. Dr. Sparks delivered the oration at the formal exercises in the tented auditorium. President Taft made a felicitous address after which he was escorted to his private car, leaving on his return trip to Beverly, Mass.

Because of the drizzle the automobile parade, on which thousands of dollars were spent in decorations, was postponed. This left the only other scheduled events, the gymnastic exhibition and war time tableaux, by the Turngemeinde, in the tented auditorium.

Captain Alfred Hicks, a Pittsburgh millionaire and a former Blair county, sent a \$600 check to the general committee. C. K. Cameron, commander of Post 258, Westfield, Tioga county, was the first to register.

Mrs. Rhoda Burton Roudaboush, the daughter-in-law of War Governor Roudaboush, of Delaware, and Mrs. Ann Pierpont Switzer, Miss Frances Switzer and F. W. and S. R. Pierpont grandchildren of Governor Francis H. Pierpont, the first governor of West Virginia, also arrived.

Nearly all of Governor Curtin's descendants and relatives were present to participate in the event.

A detachment of the Thirtieth Coast Artillery from Fort Dupont, Delaware, arrived. Captain Alfred M. Mason had two lieutenants, eighty men and the band of twenty-five pieces.

The industrial pageant of the conference will show the Pennsylvania Railroad company's reproduction of the early modes of transportation.

The railroad has provided five floats each representing the following transportation equipment of the early days of railroading: "Conestoga wagon," "canal packet used on the old Pittsburgh line," "John Bull locomotive and train," "first steam train to the west" and "first passenger car with elevated roof."

A booklet descriptive of its exhibition has been prepared by the company. This booklet contains reproductions of the time tables in effect when it required four and one-half days to make the trip from Philadelphia to Pittsburgh. In addition to containing a brief history of early travel on the route which is now the main line of the Pennsylvania railroad, the booklet contains statistics of the growth of that road in the past fifty years.

Wireless Genius Reported Hurt
In Auto Accident.

© 1912, by American Press Association.

MARCONI IN ACCIDENT

His Eye Injured and Body Shaken Up In Auto Smash.

Spezia, Italy, Sept. 26.—A report reached here that William Marconi wireless expert, had met with a serious accident while motoring with Mrs. Marconi near Borghetto, in the valley of the Vara river.

Signor Marconi is in the naval hospital at Spezia. His wife is nursing him. The doctors say he is badly shaken up and bruised, but is not seriously injured. His eye is too badly swollen to tell yet how seriously it is injured, but the physicians do not think the sight is endangered.

King Victor Emmanuel sent a telegram of sympathy to the wireless inventor and also offered to send the royal physician to look after him.

MOTORIST KILLED BY SHORE EXPRESS

"Death Loop" at Malaga, N. J., Claims Another Victim.

Pitman, N. J., Sept. 26.—The ill-fated "death loop" at Malaga, on the West Jersey & Seashore railroad seven miles from here, claimed another motor victim, and his companion was probably fatally injured.

The dead man is Charles Lore, 58, Carmen street, Camden, a traveling salesman. He was killed instantly. His companion is George Bundens, of Clarksville, N. J., who was driving the automobile.

Bundens was so seriously injured that physicians at the Cooper hospital, Camden, where he was taken on the train which crashed into their automobile, fear he cannot live. His right shoulder blade was broken and he may be injured internally, besides having many superficial cuts and bruises.

The train which struck the automobile was the electric express from Atlantic City.

This is the third fatal accident at this grade crossing within the last three months.

DISCREDIT BATTLE REPORT

Washington Officials Doubt Killing of 25 Marines in Nicaragua.

Washington, Sept. 26.—A published report from Panama that twenty-five American bluejackets had been killed at Leon, Nicaragua, in an encounter with forty rebels, was discredited by officials of the navy and marine corps.

The last dispatch from Central America received at the navy department was from Rear Admiral Southard, in command of the American forces in Nicaragua, and this reported the situation as quiet.

Say 25 Marines Were Killed.

Panama, Sept. 26.—A report received here says that twenty-five American marines and forty rebels have been killed in a battle in Nicaragua. The rumor is unconfirmed.

T. R. TO TESTIFY ON OCTOBER 4

Campaign Gift Probers Are
Ready to Begin.

MANY BIG MEN SUMMONED

J. P. Morgan, Henry Frick, George Perkins and William R. Hearst Among Those Subpoenaed.

Washington, Sept. 26.—After a telephone conference with Oscar K. Davis, of the New York Progressive headquarters, Senator Clapp announced that Friday, Oct. 4, would be set by the senate committee investigating campaign expenditures for the appearance of Colonel Roosevelt.

The hearings will begin next Monday, as had been planned. Senator Clapp was unable to say if the examination of Colonel Roosevelt would take more than one day.

Two Philadelphians, Nathan T. Folwell and E. T. Stotesbury, have been summoned to appear before the committee. Mr. Folwell is subpoenaed with several other leaders in the wool industry of the country. Mr. Stotesbury is reported to have collected Republican campaign funds in Philadelphia.

Subpoenaes have been sent to New York by a senate sergeant-at-arms for service upon General Counsel Elliott and the secretary of the Standard Oil company in connection with the investigation of John D. Archbold's statements that he contributed \$100,000 to the Roosevelt fund of 1904 in behalf of the Standard Oil company.

The two officials are required to produce any papers they may have bearing upon the transaction, the committee having called them in an effort to discover the receipt which Mr. Archbold said had been given him by Cornelius N. Bliss, then treasurer of the Republican national committee.

Senator Clapp made public the names of the majority of the witnesses who are to be heard by the committee. The list includes J. Pierpont Morgan, H. C. Frick, Elbert H. Gary, George W. Perkins, William R. Hearst, Thomas F. Ryan, former Senator Chauncey M. Depew, William Loeb Jr., George E. Cortelyou, Alton B. Parker, George R. Sheldon, Cornelius N. Bliss, Jr., and C. C. Tegethoff, all of whom have been mentioned as probable witnesses.

The broad character of the investigation that is to be made to determine if campaign contributions have influenced tariff legislation is indicated in the character of the witnesses. Among them are William Wiltman and William M. Wood, of Boston, two leading figures in the wool industry; Edward F. Greene, J. R. MacColl, Charles H. Harding, John P. Wood, all of Boston; Nathan T. Folwell, Philadelphia; Joseph R. Grundy, Bristol, Pa.; B. F. Jones, Jr., steel manufacturer, Pittsburgh, Pa.; Henry L. Towne, New York; John Kirby, Jr., Dayton, O.; and Fred Schwedman and D. P. Chalenger, St. Louis. All are manufacturers or interested in important industries.

It is understood that the specific purpose in summoning J. Pierpont Morgan and Mr. MacVeagh is to question them regarding the charges made by Charles Edward Russell, Socialist candidate for congress in New York that Mr. Morgan had been asked by Colonel Roosevelt to contribute a certain amount to his campaign fund in 1904. Both Mr. Morgan and Mr. MacVeagh have denied the report.

Those who will be asked to explain the sources of campaign funds this year and the method of their expenditure include Senator Dixon, arms by McHarg and E. H. Hooker, treasurer of the National Progressive party, for Colonel Roosevelt; H. L. Nichols, for Governor Harmon; Representative McKinley, for President Taft; former Senator F. T. DuBois for Champ Clark; Senator Bankhead for Representative Underwood; William F. McCombs, for Governor Wilson.

5000 MONGOLIANS SLAIN

Chinese Troops Pillage and Burn Towns and Murder People.

St. Petersburg, Sept. 26.—According to a news agency dispatch received here from Tientsin, Manchuria, Chinese soldiers have massacred 5000 Mongolians in the provinces under the dominion of Prince Odal, in Eastern Mongolia, near the Manchuria border. The Chinese forces, who had been sent against the forces of the Mongolian government, broke all restraint pillaging and burning monasteries and other buildings containing rich loot and murdering men, women and children. Several small towns were burned.

Resigns Vice Presidency of Reading Philadelphia, Sept. 26.—William R. Taylor, vice president of the Reading company, and secretary of the Philadelphia & Reading railway, presented his resignation to the board of directors. The resignation will take effect Oct. 1. The reason given by Mr. Taylor was that he desired to retire from active business and obtain a much needed rest.

'Quakes Rock Rockford, Ill. Rockford, Ill., Sept. 26.—Two distinct earthquake shocks were felt here. Dishes were scattered from dinner tables by the tremors, which continued for several minutes.

OPENING GAME IN NEW YORK

Initial Contest in World's Series on October 8.

New York, Sept. 26.—Play for the base ball championship of the world will be begun on the Polo Grounds in New York at two o'clock, Tuesday afternoon, Oct. 8.

The second game will be played in Boston the following day. Play will alternate each fair weather day between the two cities until either New York or Boston has won the four out of seven games necessary to give them the 1912 title.

Prices for and the method of selling tickets to the games will be altogether different in the two cities. Boston will conduct its sale practically in its own way, with preference being given to all of the season's patrons of the game who have been canvassed.

The sale in New York will be in the hands of Secretary John A. Heydler, of the National league, and 30,000 of the 38,000 seats will be held for sale at the entrance to the Polo Grounds, and one to each purchaser on the days of the games.

The umpires for the series will be O'Laughlin and Evans, of the American league, and Rigler and Klem, of the National league.

These are the principal features of the arrangements perfected at a meeting of the National Base Ball Commission.

DOMINICANS CUT LINES

Cannot Communicate With Rebel Border Until Arrival of U. S. Marines.

New York, Sept. 26.—The disturbed situation caused by the revolution in the Dominican republic on the frontier of Haiti has become so acute that it is impossible to communicate by cable with the border district.

The land lines have been cut by the rebels and couriers generally refuse to carry messages, owing to the danger of life. One of them was recently killed and a number of others maltreated.

Until the arrival of the 750 United States marines, ordered by President Taft to do police duty along the frontier, dispatches have to be sent by steamer to the nearest point free from interference.

GIRL SEIZED AND POISONED

Held Up Near Her Home and Is Expected to Die.

Stevensville, O., Sept. 26.—Miss Lettie Ward, fifteen years old, who lives at the home of Samuel Farmer, of Wheeling Junction, W. Va., was seized by unidentified men near her home and held while poison was administered. She is expected to die.

Farmer recently received anonymous letters threatening his life if he did not leave the county. No reason for the attack has been disclosed.

Woman Must Pay \$5000 Duty.

New York, Sept. 26.—Collector Loeb ordered forfeited the contents of twenty-three trunks, owned by Mrs. Ambrose C. Kingsland, and seized on her arrival from Europe because she failed to furnish complete declaration. Mrs. Kingsland can recover them by paying a fine of \$5000, which is the amount of duty unpaid.

RECORD BREAKING SALE OF PIANOS

On Wednesday, SEPTEMBER 25,

OUR SEPTEMBER SALE
...Of New And Used Pianos Opens...

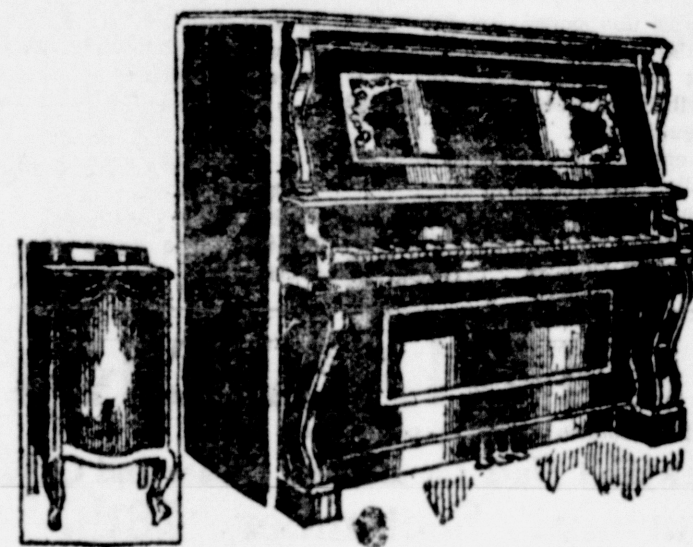

This Sale Will Run For 30 DAYS

OUR PURPOSE in running this sale is on account of not being able to get out to see the people, and we mean to make the prices such that it will justify the people to come in the store and buy a Piano, giving them the benefit of the cost of hauling the pianos around hunting for a buyer.

Have Ordered Car Load

of Pianos for this sale, which further enables me to cut in prices on account of freight and cut in prices for carload lots. It would be unwise for you to purchase a Piano without coming here to see and hear the Pianos offered at this exhibition and sale. Don't let this opportunity slip, for it means a saving of from \$75 to \$100 on every Piano, if you have the remotest idea of buying a Piano. \$10 to \$15 in cash is all it costs you down to have any of these beautiful bargains delivered to your home; \$6 to \$15 per month keeps it there. I will give you a few of the prices, which are extremely low for the quality of the pianos:

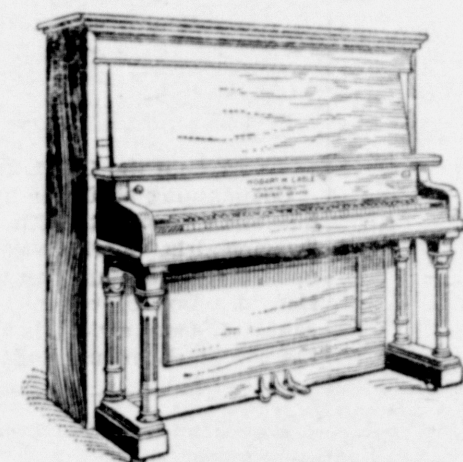

NEW PIANOS

HUGHES HAS 20,000 PLURALITY

Briggs Named For U. S. Senator by Republicans.

OTHER NOMINATIONS MADE

Governor Wilson's Followers Won a Sweeping Victory in New Jersey Primaries.

Trenton, N. J., Sept. 26.—According to the returns from the election districts of New Jersey, the Wilson forces defeated James Smith, Jr., who aspired to go to the United States senate again.

At the primary polls Judge William Hughes, of Paterson, upon whom the Wilson men centered after inducing former Judge Westcott, of Camden, and State Senator Gebhardt, of Hunkerdon, to withdraw from the contest, defeated Smith for the Democratic United States senatorial endorsement by a plurality estimated at more than 20,000.

The result is regarded as a victory for Governor Wilson, who vigorously espoused Mr. Hughes' cause, making speeches favoring his candidacy against Mr. Smith.

Essex, his home county, was the only one carried by Smith. Here the former senator was in control of the Democratic machine, and he polled a large vote, his plurality being about 5,000. Hudson county has gone over overwhelmingly for Hughes, his plurality there being more than 4,000. In his own county of Passaic Hughes defeated Smith by several thousand. The returns received from the other counties indicate that Hughes carried them by a vote of at least two to one, the total vote being about 45,000.

United States Senator Frank O. Briggs was unopposed for renomination on the Republican ticket, so that the fight before the legislature next winter will be between Senator Briggs and Judge Hughes.

The members of the legislature are not legally bound by the primary endorsement, but the two senatorial contests under the Geran act have so entrenched that it is from likely that it will be

disregarded.

There is a possibility that the Bull Moose Progressives may elect some members of the legislature, in which case there will also be a Progressive candidate for senator before the legislature.

There were many contests for the nominations in every congressional district. Congressional returns show the following nominations:

First district—William J. Browning, Republican; John T. Wright, Democrat.

Second—John J. Gardner, Republican; Winfield Scott Hand, Democrat.

Third—Benjamin F. S. Brown, Republican; Thomas J. Scully, Democrat.

Fourth—Willard C. Parker, Republican; Allan B. Walsh, Democrat.

Fifth—William N. Runyon, Republican; William E. Tuttle, Jr., Democrat.

Sixth—Stephen Wood McClave, Republican; A. C. Hart, Democrat.

Seventh—Albin Smith, Republican; Robert G. Brenner, Democrat.

Eighth—Harold Bonton, Republican; Eugene F. Kinkead, Democrat.

Ninth—Walter McCoy, Democrat; R. Wayne Parker, Republican.

Tenth—E. W. Townsend, Democrat; W. I. L. Adams, Republican.

Eleventh—Harlan Besson, Republican; J. J. Egan, Democrat.

Twelfth—George L. Record, Republican; James A. Hamill, Democrat.

Other nominations made included six state senators and sixty members of the lower house of the assembly as well as municipal and county officials, including the mayor of Newark.

DROWNS IN MINE FLOOD

Heavy Rains Force Water Into Colliery, Catching Workmen.

Pottsville, Pa., Sept. 26.—The heavy rains caused an old mine working at the Phoenix Park colliery of the Philadelphia & Reading Coal and Iron company to break through into the gangway, resulting in the drowning of a workman.

The men had ample warning to permit them to escape, and the one death was caused by the victim attempting to return to get his dinner can just as the water broke through in full volume. One mule was also drowned. About a score of workmen were in the mine at the time.

WILL CONTINUE RACE TRACK FIGHT

Higher Court to Decide Status of Commission.

Havre de Grace, Md., Sept. 26.—Maryland will not quit in its fight against the race track of the Harford County Breeders' and Agricultural association, and those who made such an enterprise possible.

It is to be a fight to the end, and it will be for the court of appeals to decide as to how far the gamblers brought from other states into Maryland can go in their operations.

Governor Goldsborough in Baltimore made this plain when he said:

"I will not criticize the decision of the court at Belair. Individuals must obey its mandate and the state must do likewise. I have exhausted all orderly and legal remedies within my means and there are left two things undone and they will be promptly attended to.

"These are an appeal from the decision of the circuit court of Harford county, in which the attorney general does not concur. Following this will be the institution of quo warranto proceedings to determine the title of the racing commission of Harford county to the office that they are now holding."

If the state wins its case, in which it will contend that the racing commission of Harford county is no commission at all, because its members did not qualify within the legal limit of thirty days, then Pimlico will go, too. Its commission has not sworn in, and if it does so now that will not affect the case.

No proceedings will be taken by the state with regard to the Baltimore county commission, which rules Pimlico, until the court of appeals has decided the Harford county case.

Despite suggestions from two state senators of a special session, Governor Goldsborough will not go to that extreme and will not call the general assembly together.

Atlantic City Saloonkeeper Held For Death of Man.

Atlantic City, N. J., Sept. 26.—Charles W. Magill was arrested here charged with causing the death of William Leach, of 12 Florida avenue with whom he had a quarrel during the primaries.

Magill is proprietor of a saloon and the Kuehnle political leader in the Fourth ward. Magill says that Leach attacked him and he struck him knocking him to the sidewalk. Leach's skull was fractured. He died in the city hospital.

A Mighty Remedy

Cures Backache, Sideache, and all Kidney, Liver and Bladder Diseases, or Money Back

Yes, money back; that's the offer that People's and Huber's Drug Stores the agent in Gettysburg makes if Thompson's Barosma fails to cure any of the above named diseases.

And when you stop to think, that's a wonderfully generous offer from the viewpoint of the afflicted, the sick and the suffering.

So if you are ill, have the blues, have lost ambition, have backache or pains in your side, if your urine is high colored, and your eyes dull and complexion sallow, the chances are that your kidneys are weak and clogged up and that your blood is full of impurities.

So why wait when Thompson's Barosma is guaranteed to restore your health. Get a bottle today at People's or Huber's Drug Store. There are two sizes, 50 cents and \$1.00.

Five years ago Charles Schultz of Dunkirk, N. Y., was so weak and run down that he decided to give up his business. He took Barosma, and in a few months he regained his health, gained 55 pounds in weight. Today he writes: "I have been in perfect health ever since I wrote you five years ago." All druggists.

Successful Farming

According to the Government Census, twenty-three states in the Union report vegetable products valued annually at over \$1,000,000 each.

The force that has revolutionized farming, that has made the waste places blossom as the rose, that has given such astounding figures to vegetables, exclusive of other farm products, is the farm telephone.

The telephone is the farmer's "stock ticker." It tells him the movements of the market and the proper time to sell.

There should be a Farm Line in your locality and you should be connected to it. Write nearest Bell Office for the free booklet: "What Uncle Sam Says About the Rural Telephone."
